

ULTRA BIT 3

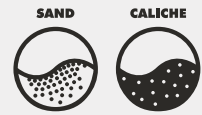

Break ground without breaking a sweat.

This is the MVP of our fleet of bits & blades. Ultra Bit 3 is an outstanding all-around ground solution with excellent steering and incredible durability, thanks to its large welded carbide blocks and contoured steer surface with chunky carbide wear surface. Available cutting sizes: 3" - 9".

6 bolt, 25mm				1610-25-60-BBU3

Conical carbide cutters make this an aggressive bit for hard soils

Chunky carbide hardfacing the entire length of blade for maximum longevity

Welds are reinforced with hardfacing to extend bit life

Low-profile, tapered design to minimize torque-stealing drag
